

PD25 SERIES HYDRAULIC DUMPERS

Our container dumper provides a cost-effective, safe and ergonomic way of dumping materials out of boxes, gaylords, carts or hoppers. The PD25 series of dumpers has a capacity of 2,500 pounds and a dumping height of up to 70". This heavy-duty, low-cost machine can be modified to dump most any width container.

The PD25 series is perfect for dumping containers containing cardboard, paper, glass, plastic or any other recyclable or raw material. The unit can be loaded by a forklift, hand cart or by pallet jack.

There are three standard models to choose from, but Prodeva will gladly look at custom-designing a unit to fit your needs.
